The Hamptons is one of the most elite summer vacation locations in the country. Many celebrities, CEOs and politicians own multi-million dollar homes in the Hamptons, and leave their hectic lives in New York City to spend time there for the summer. The stigma of the elite in the Hamptons and its waterfront properties make it one of the most expensive areas in the United States.

The newly built estate located at 6 Olde Towne Ln. has officially taken the title for the largest house for sale in the Hamptons. The estate, also known as “Summerhouse” is 23,000 square feet and is located on more than 4 acres of land. This jaw-dropping mansion has nine en-suite bedrooms - of which two are master suites- ten full bathrooms and three half bathrooms.

Summerhouse is three stories of luxury accommodations. The exterior of the home has a traditional feel. The home is New England styled, but also feels like a model beach house-perfect for spending the summers in the Hamptons.

However, the inside of this estate is filled with modern state-of-the-art amenities, including two kitchens and six custom fireplaces. This home is perfect for entertaining guests and children during the summer time. The lower level offers a gym, basketball court, theater, spa with juice bar, sauna, steam room, massage rooms, and a lounge with a bar.

The staff quarters or guest suite can accommodate an entire family. It is complete with two bedrooms with en-suite baths, full kitchen, sitting room and an outdoor terrace with dining area.

Guests and children can also hang out by the pool with a pool house nearby. The pool house allows families to take a break from the summer sun with a relaxing lounge, kitchenette, two baths and a changing room.

The third floor includes a storage area as well as a staircase leading up to the rooftop putting green. There is also ample space for a golf hole to be installed to go with the rooftop putting green.

Summerhouse is Kean Development's newest construction this year. This property is a part of a seven- house development within the luxury community of Olde Towne in Southampton.

This home is currently listed at \$34,950,000. For more information visit Sotheby's International Realty [here](#).

This home may no longer be on the market at the time of posting.
